

Mount Laurel's ODD/EVEN water conservation guidelines are in effect year round. Odd numbered addresses may only water lawns on odd numbered days of the month, even numbered addresses on even numbered days. No watering is allowed on the 31st day of a month. See the "Customer Info" link on our website for program details. Compliance with these guidelines enables us to manage your water supply. Violators of these guidelines are subject to fines of \$50.00 to \$1,000.00 per day.

Rain gauges measure rainfall and can help with decisions on watering your lawn. Pick one up at our office located at 1201 S. Church Street. They are FREE!
