

Mount Laurel's Water Conservation Program

Mount Laurel's Water Conservation Guidelines are effective every day of the year.

The following applies to all water customers of the Mount Laurel Township Municipal Utilities Authority:

Residential Customers:

- Residents with **ODD** numbered addresses may water on **ODD** calendar dates.
- Residents with **EVEN** numbered addresses may water on **EVEN** calendar dates.
- Residents may not water on the 31st of the month.

Commercial and "Common Area" Customers:

- Watering may occur Monday to Friday from 12:00 midnight to 4:00 am
- Watering may not occur on weekends.

General (all customers):

- Flowers and shrubs may be watered as needed with a hand held hose equipped with an automatic shut-off nozzle.
- Vehicles may be washed any day with a hand held hose equipped with an automatic shut-off nozzle.
- Rain detectors are required for all sprinkler/irrigation systems, so watering does not occur during periods of rain.
- Violators of these guidelines are subject to fines
- State of New Jersey requirements shall supersede when more stringent than the MLTMUA program.
- Customers using wells or supplied by New Jersey American Water Company are not subject to these guidelines.

Compliance with this program enables us to manage your water supply.

Questions? Call our customer service department

Monday through Friday, 8:00 AM to 4:30 PM

(856) 234-0062, press 1 (from the main menu)

No one except fire or MUA personnel is allowed to open fire hydrants in Mt. Laurel. Heavy fines will be imposed on violators. If you see someone other than the above mentioned opening a hydrant, please call our customer service department immediately. Thank you.

Available at the MUA office:

You've asked for it!

Fantastic water efficient shower heads for sale, at cost. Only \$4 each through the MUA office.

Free Rain Gauges

Measure the rainfall and you may not need to water your lawn.

We need your help!

Just like with any other natural resource, we need your help to make sure we have clean safe drinking water for generations to come. Our communities and lives are built on water. Can you imagine a life without readily available clean, safe drinking water? Be as good to water as water has been to you.
