

PAYMENT OF CONNECTION FEES

All connection fees must be paid in full to the Authority prior to the issuance of an MUA release form. The MUA release form is required by the Mount Laurel Township Community Development Department prior to the issuance of a Township Building Permit.

Any developments or projects requiring a NJDEP permit for water & / or sanitary sewage extension shall pay the water & / or sewer connection fee for the gallonage to be allocated prior to the approval and submission of the NJDEP application by the MUA. Upon issuance by the NJDEP of their permit(s) to construct, the developer has two (2) years (in the case of a sanitary sewer extension) to begin construction. If construction work has not started prior to the expiration date of the NJDEP permit, the permit will be cancelled by the MUA. Upon issuance by the NJDEP of their permit(s) to construct, the developer has three (3) years (in the case of a water extension) to construct and place the extension into service. If this is not the case, the permit will be cancelled by the MUA. Upon cancellation of the permit(s), for this or any other reason, the MUA will refund to the developer 80% of the connection fee paid. The MUA will retain 20% to offset lost service revenue and other miscellaneous expenses over the permit period(s). Permit requirements and terms are subject to change by the NJDEP.
